

Diego Ramirez

Software Engineer

Quilpué, Chile · (+56) 9 5752 2116 · dramirezh@outlook.cl · [Linkedin](#) · [Github](#) · dramirezh.dev

SKILLS

- **Programming:** Python, Java, Node, Typescript, PHP.
- **BackEnd:** FastAPI, Flask, ExpressJs, NestJS, SpringBoot, Laravel.
- **FrontEnd:** Javascript, Vue3, Angular, React, NextJs.
- **Devops/Cloud:** Git, Postman, AWS (Lambda, RDS, S3), docker, Kubernetes, Jira.
- **Databases:** PostgreSQL, Oracle, SQLServer, MySQL.

PROFESSIONAL EXPERIENCE

APSIDE LTDA

May 2022 - September 2025

Software Engineer

REMOTE

- Developed and maintained microservices for high-concurrency insurance quoting systems, optimizing data storage and integrity.
- Provided support and issue resolution for Java services orchestrating complex payment flows, debugging traces, and ensuring operational continuity.
- Developed and integrated microservices in serverless architectures (AWS Lambda, API Gateway) and containerized environments (Docker, Kubernetes), enhancing scalability and performance for high-load quoting systems.
- Implemented advanced Git versioning strategies to manage multiple development branches and maintain consistency across collaborative environments.
- Modeled, implemented, and integrated relational databases (PostgreSQL, Oracle – PL/SQL, SQL Server) for quoting and payment projects, ensuring proper interaction with services and data consistency.
- Collaborated in agile environments, managing tasks and deliveries within established deadlines while meeting project requirements.

NEERING SPA

January 2020 - April 2022

Full Stack Developer

REMOTE

- Developed fullstack software with Laravel, participating from initial stages to delivery, providing feedback on the development process and ensuring functional outcomes.
- Built integrations with RESTful APIs, improving understanding of HTTP flows and service communication.
- Specialized in Laravel backend development, leveraging database, version control, and testing tools to streamline the development lifecycle.

EDUCATION

UNIVERSIDAD TÉCNICA FEDERICO SANTA MARÍA

Technical University Degree in Computer Science

Viña del Mar

2018-2020

ADDITIONAL INFORMATION

- Languages: English B2, Spanish (Native).
